PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 1st *April* 1882.

Bangalore District.—Crops dependent on irrigation are generally reported to be suffering from want of water in tanks. Prospects of season favorable. Public health generally good. Small-pox and fever continue to prevail in all the taluks. Murrain among cattle prevalent in the Devanhalli, Kankanhalli, and Anekal Taluks. Drinking water and pasturage becoming scarce throughout the District. The staple food grains continue to be largely imported into Bangalore from the surrounding Districts and taluks. Prices : rice 11¾ seers, ragi 26 seers, and horse-gram 32 seers per rupee.

Kolar District.—Fourteen cents of rain at Kolar. The Vaisakha crops are generally suffering from want of water. Sugar-cane planting is continued. Prospects of standing crops not promising, but a six anna crop may be expected if timely rains fall. The want of drinking water is felt in parts of the Shrinivaspur, Gudibanda and Goribidnur Taluks. Pasturage is available. Public health good, but fever and small-pox continue to prevail. Cattle disease generally abating. Prices : rice 12½ to 14 seers and ragi 25 to 32 seers per rupee.

Tumkúr District.—Three cents of rain at Tumkúr. Paddy crops in parts of the Tumkúr and Maddagiri Taluks have withered owing to the deficiency of water, and in parts of the Koratagere, Sira and Kadaba Taluks are withering. Paddy, javari, Bengal-gram and sugar-cane were harvested in parts. Prospects of season fair. Small-pox and fever in parts of three taluks. Cattle disease prevalent in some places. The supply of drinking water and pasturage was scanty in some taluks. Prices : rice 11½ to 13 seers, ragi 26 to 32 seers and horse-gram 32 to 40 seers per rupee.

Mysore District.—Sugar-cane crop in the Nanjangúd and Malvalli Taluks withering. Light showers of rain reported in the Gundlupet, Nanjangúd, Talkad and Heggaddevankote Taluks. Water-supply and pasturage scarce. Public health good. Small-pox prevalent. Prices : rice 12½ seers, ragi 19 seers and horse-gram 30¾ seers per rupee.

Hassan District.—Ninety-nine cents of rain at Hassan. Bengal-gram, and sugar-cane withering in the Hassan and Haranhalli Taluks, as also sugar-cane in the Channarayapatna and Nagamangala Taluks. Elsewhere the standing crops are in a moderate condition. Bengal-gram was harvested to a small extent in three taluks. Prospects of season fair. Small-pox prevalent as also murrain among cattle. Drinking water is scarce, except in the vicinity of rivers, channels and large tanks. Pasturage also is deficient. Prices : rice 11 to 18 seers, ragi 20 to 35 seers and horse-gram 24 to 48 seers per rupee.

Shimoga District.—One inch 13 cents of rain at Shimoga. The condition of the standing crops of sugar-cane, Vaisakha paddy and bagayat crops has been improved by the recent fall of rain. Pepper is being picked in Sorab, and cotton reaped in Channagiri and Honnali. Prospects of season slightly improved, as also public health. Small-pox and fever have decreased. Cattle still suffer from murrain in Channagiri and Sâgar. Prices: rice 12 to 16 seers, ragi 28 to 35 seers, and jola 26 to 28 seers per rupee.

Kadur District.—Standing crops in the Malnad in good condition, those in the Maidan fair. Prospects of season dependent on rain being seasonable. Public health generally good. Murrain still prevalent to a slight extent. Water-supply and pasturage scarce. Prices: rice 12½ to 16 seers, and ragi 14 to 30 seers per rupee.

Chitaldroog District.—Standing crops in good condition. Wheat, javari, cotton, Bengal-gram and castor seed were harvested. Fever prevailed in parts of the Hosdurga and Davangere Taluks. Cattle suffer from murrain in parts. Want of water for cattle is felt in parts. The fodder in stock will last from 1 to 6 months. Prospects of season good at present. Prices: rice 11 to14 seers, ragi 28 to 40 seers, and javari 32 to 40 seers per rupee.

By Order,

R. VIJAYINDRA RAO,
Secretary.
